MEDALS AND MEDALETS OF ROBERT LOVETT, JR.

We present the remarkable Mark Cramer collection of tokens, medals, and medalets attributed to Robert Lovett, Jr., a distinguished member of the Lovett family of engravers. Lovett medals have long been numismatic favorites for their artistic quality and the diversity of subjects represented. Although valuations have appreciated extensively in the last couple of decades, prices are still reasonable enough to enable collectors of average means to acquire a nice selection.

We can recommend two important reference sources for those interested in learning more. The first is Q. David Bowers' *American Numismatics Before the Civil War*, which contains a wealth of data on the Lovetts and their products. The second resource is an online catalog of Lovett medals and tokens at <http://www.lovetttokensmedals.com> by Dave Baldwin. This ranks as an unparalleled resource for anyone who desires to learn about the Lovetts and their medals and tokens.

Many of the tokens of Robert Lovett, Jr. date from the 1859-1860 period when medalets were the sensation of the numismatic market. This passion grew in importance in the summer of 1858 when George H. Lovett, a brother of Robert, Jr., created medalets relating to the Transatlantic Cable completed through the efforts of Cyrus Field. For the first time, instant communication between Great Britain and North America took place. Celebrations were held in New York City and elsewhere, and the event was covered nationwide. Lovett's 31 mm medalets, made in several die combinations and metals, sold instantly. Unfortunately the cable connection sputtered and failed. It was not until after the Civil War that a new cable was in place.

In the late 1850s, the numismatic hobby was growing by leaps and bounds, spurred by the discontinuation of the half cent and copper cent in 1857. Nostalgia swept across the country, and thousands of people set about saving as many dates of "pennies" as they could find. *Historical Magazine*, launched in 1857, contained many articles on rare coins. In 1858 the American Numismatic Society was founded, and other groups were established as well during the era. Augustus B. Sage, who dealt in coins in New York City, commissioned George H. Lovett to make medalets for him, the first observing the burning of the Crystal Palace on October 5, 1858. Others made through 1859 depicted famous numismatists (starting with Charles I. Bushnell), events in the Revolutionary War, and other topics.

At the same time Mount Vernon, Washington's home, was undergoing restoration. Edward Everett, perhaps America's most famous orator at the time, gave over 100 speeches about Washington and Mount Vernon. This spurred intense interest in Washington tokens and medals. Robert Lovett, Jr. issued many with Washington's portrait in combination with events from his life. The 1860 presidential election, with four candidates, provided another popular subject for the engraver. The Cramer Collection offered on the following pages is perhaps the largest offering of Lovett items in numismatic history. Opportunities abound!

Biographical Notes

Robert Lovett, Jr., a son of Robert and Anna Doubleday Lovett, was born in Philadelphia on July 30, 1818. In 1824 the family moved to New York City. As a youth he attend the Reade Street Common School. In 1834 he apprenticed to his father to learn the trade of die sinking and from the outset he showed remarkable talent. In 1839 he went back to Philadelphia, where he advertised as an engraver on steel. He married Amanda Morgan, born in 1814 and the couple had one child, Robert Keating Lovett. In the late 1850s and 1860s his shop was at 200 South 5th Street in Philadelphia, and he resided at 1109 Wallace Street.

In ensuing years he made many dies for tokens and medals, some as store cards, others memorializing people and events. He pioneered use in America of the French Liberty Head, adapted from coins of France. This was used on various tokens and on a die dated 1861 that is said to have been made as a pattern for the Confederacy before the Civil War commenced. Amanda died on November 4, 1876. Robert and his son moved to McConnellsville, Morgan County, Ohio, where they resided with Amanda's sister and her husband, J.H. Guyton. Robert died on November 25, 1879, and was buried in the McConnellsville Cemetery, Section D Row 2. No catalog of the works of any of the Lovetts has ever been compiled, suggesting a rich opportunity.

His two brothers, John D. Lovett and George Hampden Lovett, also followed in the footsteps of their father, becoming proficient die sinkers. This has created a conundrum of sorts for numismatists, as some medals signed with the initial L cannot be positively attributed. Most signed RL are thought to have been by Robert Lovett, Jr., but there may be exceptions. We believe that the items we offer are by Robert Lovett, Jr., except the American Institute medals, thought to have been the work of Robert Lovett, Sr., who was involved in the management of the Institute.

Thanks to Katherine Jaeger and Andrew W. Pollock III for research.

BENJAMIN FRANKLIN

- 31001 1864 Joseph Wharton medal. Greenslet GM-70. Bronze. 53 mm. Mint State.** Some small spots. Signature: R. LOVETT (cursive). Boldly struck in all particulars with chestnut-brown surfaces.

Pete Smith writing in the November 29, 2015, edition of the *e-Sylum*, noted: "The Wharton medal with Franklin on the obverse was listed with other Franklin medals in the *American Journal of Numismatics*, volume VII, number 3, January 1873. This was just nine years after its issue date of 1864. An example was sold with the Fonrobert Collection by Adolph Weyl in 1878. Thus it is well established in numismatic literature and has been included in subsequent listings of Franklin medals."

From the Cramer Collection of Robert Lovett, Jr. Medals.

WASHINGTONIANA

- 31002 Undated (1859) Siege of Boston medal. Lovett's Series—No. 2. Baker-50A. Copper. 31 mm. PR-65 RB (NGC).** Golden brown with blue and violet accent. Traces of fiery red can be seen in the protected areas of the obverse. Beginning in a large way in 1859, tokens and medals of George Washington became the hottest items in the rare coin market. This was catalyzed by Mint Director James Ross Snowden who was adding to the Mint Cabinet a display of such pieces. He sent out a circular notice stating that he would trade rare patterns and other things in exchange for Washington items he did not have. In the same era, the restoration of Mount Vernon, Washington's home, was underway, with famous orator Edward Everett giving speeches on the subject. The result was that the legacy of Washington was popularized nationwide in addition to in numismatic circles. The Washington Cabinet within the Mint Cabinet was opened to the public on Washington's birthday, February 22, 1860.

Today, medals by Robert Lovett, Jr. relating to George Washington are not necessarily costly, but many of them are rare, and assembling even a partial group of the different series can take years. 31032 1860 Japanese Embassy medal. Baker-368. Silver. 53 mm. MS-60 (NGC). Signature: LOVETT PHILA. Mostly pearl-gray with wisps and tinges of rose and blue. Very rare; the only other specimen we've managed to account for in recent times is the AU-58 example offered by Heritage in their August 2014 ANA Sale, lot 9237, which realized \$1,527.50. The visit to the United States by a 72-man diplomatic mission from Japan in 1860 is well documented. The mission first crossed the Pacific Ocean from Tokyo to San Francisco, where it remained for about a month. The mission then traveled to Panama, crossed the isthmus on the Panama Railway to the Atlantic side, and then proceeded to Washington, D.C., Philadelphia, and New York City where the diplomats were greeted by receptions in several places and a parade in New York. A special reception was held at the Philadelphia Mint, described widely in the news, in which the visitors were given a cased Proof set of coins from the cent to the double eagle.

After some weeks, the diplomatic mission departed from the United States on a route across the Atlantic and Indian oceans, thereby completing its circumnavigation of the globe before returning to Tokyo.

AGRICULTURAL, MECHANICAL, SCIENTIFIC, AND PROFESSIONAL MEDALS

- 31108 (1842) American Institute Award medal. HAR-40. Silver. 50 mm. MS-62 (NGC).** Pale champagne toning at the center. "Awarded to / Smith Cutter / for the 2d best / buck / 1842." Signature: R. LOVETT. Probably by Robert Lovett, Sr., who was on the administrative staff of the American Institute. Wisps of blue and violet ornament the borders. The American Institute was a trade organization centered in New York City. Each year it had a fair in which companies, artisans and others were invited to exhibit. Awards in silver and gold were given for products deemed to be meritorious. A given item could be entered in the fair year after year, and if it won a high medallic award it was given a paper certificate mentioning the award, a matter of economy! Each year the American Institute gave information to newspapers mentioning the award winners. On October 5, 1858, when the Crystal Palace burned in New York City, that year's fair was going on.

Today a wide variety of American Institute award medals can be collected. More information about each event and, often, about the exhibitors themselves can be found easily enough on the Internet, adding to the appeal of such pieces.

VETERANS ORGANIZATIONS

- 31113** 1860 Washington Light Infantry medal. Bronze. 39 mm. MS-64 BN (NGC). Signature: R.L. PHILA. Chestnut-brown overall with hints of blue and rose. This medal was intended as a decoration worn during a parade of the Washington Light Infantry regiment in Charleston on July 4, 1860. On December 20 of the same year, South Carolina voted to secede from the Union, but tensions already ran high at the time of this medal's production. During the Civil War, the decades-old regiment formed two companies of South Carolina's 25th Infantry. An entire book has been dedicated to its interesting history (Richard L. Schreadley, *Valor and Virtue: The Washington Light Infantry in Peace and War*, 1997).

POLICE AND FIREMEN

- 31115** 1860 Fireman's medal. Miller Pa 780 (type). Brass. 31 mm. MS-65 (NGC). Signature: R.L. Essentially brilliant with a faint dusting of natural iridescence. Alfred S. Robinson is said to have issued these, and the reported mintage in brass is 2,000 pieces. As these were issued by Robinson, it has been suggested that an attribution to Hartford, Connecticut would be more suitable than to Philadelphia.

From the Cramer Collection of Robert Lovett, Jr. Medals.

- 31116** 1860 Fireman's medal. Miller Pa 780 (type). White metal (silvered). 31 mm. MS-61 (NGC). Signature: R.L. Blended blue, rose, and gold iridescence on pewter gray surfaces.

INDIAN PEACE MEDALS

- 31130 1829 Andrew Jackson Indian Peace Medal. Large Size. Bronze. 75.28mm. 105.2 grams. Similar to Julian IP-14. Mint State. Lacking the quality to be an official UNITED STATES Mint issue, this piece is nevertheless very interesting. The obverse mimics the standard design for the Indian Peace medal, but it lacks the signature FURST F. below the bust. Other obverse design differences include a beaded border, which the Mint medal lacks, and a slightly different style (and quality) to the lettering of the inscription. The reverse, rather than featuring the image of clasped hands, crossed calumet and tomahawk with the PEACE AND FRIENDSHIP inscription, is blank apart from a beaded border. The edge has a partial line around much of the circumference, which is an indication that this piece may be made from two joined electrotypes shells, but a good "ring" when tapped seems to suggest a solid construction. The surfaces, while having a lovely semi-reflective reddish-brown mahogany finish, also exhibit an array of tiny pits that are suggestive of die rust. These features affect the fields and lettering, but leave the portrait virtually untouched. An intriguing item, and definitely worthy of additional study.

From the Collections of The Strong, Rochester, New York; sold to benefit the museum's collections fund; originally collected by John Charles Woodbury (1859-1937).

- 31131 1865 Andrew Johnson Indian Peace Medal. Bronzed Copper. 75.9 mm. By Anthony C. Paquet. Julian IP-40. About Uncirculated. Scattered contact marks in the fields of both sides, some slight discoloration and one carbon spot on the obverse.

- 31132 Lot of (2) Unofficial, Non-U.S. Mint Indian Peace Medals. The earlier one an undated (1911) 38 mm holed aluminum piece manufactured by well known numismatist and medalist Thomas Elder for presentation by his brother Edward Knox Elder, an Indian trader to the Osage Indian tribe of Pawhuska, Oklahoma. The obverse bears the bust of an Osage chief in a fur cap surrounded by Indian legends, which translate to "Osage Chief Bacon Rind". The reverse bears the image of clasped hands, with crossed calumet and tomahawk, similar to the U.S. Mint-issued Indian Peace medals. The legend translates as "Little Coon" which was the Indian name given Elder as a complimentary title. This was probably the first medal bearing Indian words that was ever given by a trader to a tribe of Indians. Five pieces were struck in silver and presented to leading chiefs, 25 pieces in German silver, 25 in brass, and 15 in copper were struck for presentation to lesser chiefs. Four hundred pieces were struck in aluminum for presentation to other braves and squaws. This specimen is Extremely Fine, based on wear, but both sides have moderate aluminum pest.

The second medal is a much more modern item featuring Wendell Chino, president of the Sovereign Nation of the Mescalero Apache on the obverse, and a dancing Katchina between pine trees above the traditional clasped hands on the reverse. Legends PEACE AND FRIENDSHIP above and dates 1873-1973 below. Silver, 38.75 mm, 25.2 grams, 999 fine, Choice Cameo Proof.

Soley, Philadelphia; and a more modern but unusual item with the familiar 28.7 mm 19th President piece used in many commemorative and premium sets, but the reverse is mostly blank save for the inscriptions THE AMERICAN CAESAR above and UNCONDITIONAL SURRENDER below, the usual biographical information normally found between those lines is missing. Grades are About Uncirculated to Mint State. ***This is a must see, sold as is, no return lot.***

- 31157 1897 McKinley/Hobart Unofficial Inaugural Medal. Bronze. 38 mm. About Uncirculated.** Pierced and double-looped for suspension. **Obv:** Conjoined busts of the two candidates, their names around. Signed M (George T. - 31158 "1901" William McKinley Presidential Medal. Bronze. 77.1 mm. By William Barber. Failor & Hayden-124. Mint State.** Probably produced circa 1910 when the standard finish was shifting toward the modern yellow-bronze sandblasted texture, as is still seen on most larger U.S. Mint medals. The early finish seen here is quite distinctive and scarce as this medal was produced in that short interim period when the modern finish was being developed.

- 31159 "1901" William McKinley Presidential Medal. Bronze. 77.1 mm. By William Barber. Failor & Hayden-124. Still significantly different from the modern U.S. Mint product, and significant, as such.
From the Collections of The Strong, Rochester, New York; sold to benefit the museum's collections fund; originally collected by John Charles Woodbury (1859-1937).
- 31160 1910 Badge for Theodore Roosevelt's Return from African Safari. Brass. 38 mm x 68 mm. Very Fine.** This rare badge, on the unusual occasion that it turns up at all, typically has a plain brass pinback hanger inscribed with the date of the event. This is a much rarer variant with the usual hanger replaced with an eagle-topped hanger inscribed ROUGH RIDER, which was given to attending members of Roosevelt's crack team of soldiers who accompanied then-Colonel Roosevelt up San Juan Hill in Cuba during the Spanish-American War. The yellow silk ribbon connecting the two parts of the badge is sound, but somewhat dingy.

- 31202 Undated (1860s) Porcellian Club of Harvard University Membership Badge of Henry Cabot Lodge. Base Metal. 46.6 mm star shaped. About Uncirculated.** The medal is pierced at the top for a suspension ring. **Obv:** Crossed swords behind an outer circular band bearing the legend FIDE ET AMICITIA / P. C. / K.S.T. In the center are the Greek letters Omicron Mu Epsilon Lambda above a boars head, a pair of hands joined in a handclasp, and a knight's helmet. Below a banner with the dates 1791-1809. **Rev:** Cross swords behind an outer circular band inscribed with the club's motto DUM VIVIMUS VIVAMUS (While we live, let us live). In the center, PORCELLIAN / (engraved on a raised oval plaque in script) H. C. L. / CLUB / 1821.

The Porcellian Club is an elite — some say the most elite of all academic societies — men's only club established at Harvard University in 1791. Henry Cabot Lodge, who graduated from Harvard in 1872 (later returning for graduate work) became a member of the club in 1869. After receiving his Doctorate in political science he entered politics in his home state of Massachusetts, serving as Republican State Representative from 1887 to 1893, then senator from 1893 until his death in 1924. A close friend of President Theodore Roosevelt (also a Porcellian Club Member) he had considerable impact on the issues of the day, especially in the gold versus silver controversy and the United States' participation in the League of Nations after World War One. His grandson, and namesake, Henry Cabot Lodge, Jr. (1902-1985) was also a politician of considerable note, serving as a Massachusetts senator, ambassador to the United Nations, and vice presidential candidate under Richard Nixon in 1960. He was, however, never able to secure membership in his Alma Mater's Porcellian Club, having to settle instead for the less prestigious Hasty Pudding and Fox clubs. A rare piece to start with, and being issued to a person of considerable historical importance, an important one as well.

- 31203 Lot of (2) Washington, D.C. Public Schools Award Medals. Silver and Gold. Extremely Fine.** These medals were issued to the same female student, Julia Camp, in 1870 and 1871. The 1871 is in gold, 32.2 mm, 3.7 grams, with a similar inscription. Both in different five-armed cross formats with integral suspension loop.

The main part of the badge features the Foresters Logo in red, white and blue enamels, mounted on a crowned laurel wreath. The reverse, which is stamped 14K, is also inscribed in fine script PRESENTED / TO / BRO. H. B. BURNETTE / BY THE / HIGH COURT / OF EASTERN / NEW YORK / FOR DISTINGUISHED SERVICES / JULY / 1907. The medal is suspended by a pair of five-link chains from a gold and blue enamel panel inscribed L. B. C, which stands for Liberty, Benevolence and Concord, one of the mottos of the organization. Above this is another gold panel with the year 1907 outlined in white enamel. The two gold panels (unmarked as to fineness, but seemingly of the same fabric) are attached to a short length of blue watered silk ribbon, which has lost its suspension pin.
- 31208 **1911 Holland Society of New York Award Plaque. Bronze. 64 mm x 102 mm. About Uncirculated. Obv:** Montage of Dutch medals superimposed on semicircular floral cartouche. Inscription JANUARY MCMXI / HOLLAND SOCIETY below. **Rev:** Blank except for name engraved in script, IRVING G. STORM. **Edge:** WHITEHEAD-HOAG.
- 31209 **1927 Order of the Sons of St. George Award Medal. Gold(?). 93 mm x 58 mm. 27.6 grams. Extremely Fine.** Awarded to the Supreme Past President of the Ladies Auxiliary, sometimes called the Daughters of St. George. The order was restricted to first, second and third generation descendants of British citizens now living in the United States. The pinback suspender is inscribed PAST / SUPREME PRESIDENT, and has a pair of crossed gavels suspended from it. The hanging part of the badge is in the form of a equal-armed cross on a heavy wreath with the emblem of the Order at the center — the Garter surrounding St. George in black enamel. The top arm bears an intricate KSW monogram, which are the initials of the recipient, and the remaining arms each with a script P, C, or M initial. The reverse of the badge is blank, except for being inscribed PRESENTED TO / KATE WALLBRIDGE / SUP. PAST PRESIDENT / AUG. 26th 1927 / CLEVELAND OHIO. The badge is not marked as to metal content or fineness, so close examination is suggested. Housed in a leather display wallet from a Manufacturing Jeweler in Chicago who specialized in producing pins and badges for American fraternities and secret societies beginning in 1912. ***This is a must see, sold as is, no return lot.***
- 31210 **1929 Montana Royal Arch Masons Medal. Gold. 32.6 mm (medal only). Approximately 20 grams, including hanger. Extremely Fine. This piece is attached to a 20-inch red silk cravat by a gold disc enameled with the mystic Masonic symbol of the Triple Tau within a triangle. Ruth of the Howe Sewing Machine Company, exhibiting at the Centennial Grounds in Philadelphia. Very Fine.** The 16 inch x 4.5 inch letter, folded to make four 8 inch x 4.5 inch pages, acknowledges the error that the Treasury Department made in an newspaper article about the exhibit, where — apparently — proper credit was not given to the Howe Sewing Machine Company, and notes that corrections would be made. Elias Howe and his company received a special award at the Centennial Exposition, where his sewing machine was lauded as "one of the most notable inventions of the period". Meticulously scripted in formal style, this letter is accompanied by its original mailing envelope with three cancelled ultramarine Benjamin Franklin 1 cent postage stamps.

The United Bowmen of Philadelphia is an organization of archery enthusiasts which flourished from 1828 to 1888 when the remaining members voted to disband. Revived in 1932, it has been going strong ever since. While the bronze specimen illustrated in Julian has a loop attached, this example shows no evidence of ever being looped.

Apparently some were struck by the U.S. Mint in Philadelphia, and others by private minters. Julian states that the bronze pieces were Mint products, but notes that the white metal (and by inference, other) varieties were made outside the Mint. This piece is probably most actively sought after by collectors of Lovett tokens and medals. George H., the most prolific engraver in the Lovett Clan, signed the obverse of this piece on the rim at 8 o'clock.

Charles S. Morse (1849-1902) enlisted in the Confederate Army at age 14, serving in the Fifth Georgia Regiment. Later he moved to Texas and became business manager of a newspaper in Corsicana, as well as a tax collector. Moving to Austin later still, he was appointed clerk of the State Supreme Court and concurrently held the position of secretary of the Texas State Bar Association until his death at age 53 in 1902.

MERCHANT TOKENS

31262 1846 Do Your Duty Mormon-Related Token. Rulau-Y4. Brass. 17.7 mm. EF-40. Designated a non-local token in Rulau's 2004 publication *United States Tokens: 1700-1900*, it is nevertheless attributed by the Brigham Young University Religious Studies Center as being issued by Peter Haws, one of the principals of the Nauvoo Agricultural and Manufacturing Association while camped at Garden Grove, Iowa Territory. They go on to note, "His token was circulated in Garden Grove and throughout Pottawattamie County and used as a barter or exchange among Latter-day Saints." It was also said to have been issued in Provo, Utah in an earlier publication on Mormon coins and currency. At any rate, there is no scarcity of modern reproductions of this piece being offered in antique and gift shops in Mormon areas and on the internet — but the originals, as this one, are very difficult to find, with this problem-free piece being especially desirable.

31263 Massachusetts—Boston. Undated (c. 1859) Jos. H. Merriam. Miller-Mass 57, Baker-560B. Rarity-5. White Metal. 27.14 mm. MS-60 Environmental Damage.

PATRIOTIC CIVIL WAR TOKENS

31264 1863 Army & Navy. Fuld-15/319. Rarity-2. Copper. 18 mm. MS-65 RD (NGC).

31265 Undated Our Army. Fuld-50/335. Rarity-2. Copper. 18.5 mm. MS-63 RB (PCGS).
PCGS# 602540.

31266 1863 George Washington. Fuld-107—First Strike Brockage Reverse—Copper. 19 mm. Fine-12 (PCGS). Other than the bold brockage, this piece has a couple of other interesting facets. There appear to be a number of small indistinct counterstamps on the obverse, the most easily interpreted of which is directly on the rope border below the digits 1 and 8 in the date. It seems to read NEWYORK or NEWARK. The other possible counterstamps are even more fragmented and indistinct. Also, the stars surrounding the bust appear to be double struck, or perhaps this piece was overstruck on another token. PCGS did not note these additional anomalies. An intriguing piece worthy of close inspection and additional study.

From the Joseph Freedberg Collection.

31267 1864 Ironclad Monitor-Our Navy. Fuld-241/338a. Copper. Rarity-2. MS-63 RB.

CIVIL WAR AND CONFEDERACY

31277 1861 Civil War Confederate Soldier Leave Pass. 4 1/4 inches x 5 1/2 inches, sound, but once folded into quarters. Handwritten in ink: PRIVATE HATCHETT HAS LEAVE TO GO TO MANASSAS JUNCTION AND RETURN / RICHARD TOBY (?) 1ST LT. / CO. G 18TH REGT. VA. VOLS. / SEPT 15TH 1861 / R. E. WITHERS, COL 18TH REGT VA. VOL. / SEPT 15 61 / APPROVED / BY ORDER OF GENL ELZEY / C. MORGAN AOC (?). The first Battle of Bull Run (or First Manassas in Southern parlance), July 21, 1861, was the first major battle of the Civil War, and a surprise Confederate victory. Confederate forces held the area, barely 25 miles from Washington, D.C., for years after, and made it clear that the eventual conflict would be more costly and last longer than either side had anticipated. This pass was issued during a relatively peaceful time six weeks or so after the battle.

31278 1861-1865 Ohio Civil War Named Veteran's Badge. Bronze. 36.95 mm, less hanger. Extremely Fine. Obv: Liberty presenting armed soldier with a laurel wreath. **Rev:** Laurel wreath enclosing legend THE / STATE OF OHIO / TO G. W. MCGUIRE / VETERAN / CO. A 80TH REGT. / OHIO VOLUNTEER / INFT., signed TIFFANY / & COMPLY. at bottom. **Edge:** Plain. The original brass hanger (without pin back ribbon) is still present but is tied with thread to the swivel mount at the top of the medal. Rare.

From the Collections of The Strong, Rochester, New York; sold to benefit the museum's collections fund; originally collected by John Charles Woodbury (1859-1937).

31279 1913 50th Anniversary of the Battle of Gettysburg Medal. Sterling Silver. 38.3 mm. 41.6 grams. About Uncirculated. For the "Grand Reunion of the Blue and the Gray" at Gettysburg Battlefield. **Obv:** Liberty holding palm fronds and fasces with kneeling Union and Confederate soldiers, the whole enveloped in an American Flag. Inscription FIFTIETH / ANNIVERSARY / OF THE / BATTLE OF / GETTYSBURG above a keystone in the right field. **Rev:** Clapsed hands over a map of Pennsylvania inscribed REUNION / CIVIL WAR / VETERANS / 1913. **Edge:** Inscribed WHITEHEAD-HOAG STERLING 99 (or perhaps 66).

31280 1913 50th Anniversary of the Battle of Gettysburg Medal. Sterling Silver. 38.3 mm. 41.7 grams. Choice Very Fine. For the "Grand Reunion of the Blue and the Gray" at Gettysburg Battlefield. A second example, similar to the piece offered above, but with STERLING stamp applied twice to the edge, and numbered 79.

LATE 19TH AND 20TH CENTURY TOKENS

31281 1876 O.U.A.M. (Order United American Mechanics) 31st Anniversary Medalet. Rulau-DC-Wa 19, var. Overstruck on a Shield Nickel. 20.76 mm. Mint State. An intriguing example of this type, normally struck in Copper. A few minor carbon spots are noted.

31282 Texas—San Antonio. Two Brothers Saloon NO. 5. Brass. 25.1 mm. Rulau Tx-SA 192. VF-20.

COUNTERSTAMPS

31283 Connecticut—Hartford. A. CHAPIN on an 1852 Braided Hair cent. Brunk C-348. Host coin VF. Alexander Chapin was a silversmith and button maker in Hartford from 1846 to 1851. Brunk notes that this counterstamp is known on various dates of large cents from 1817 to 1851 — this 1852 is not reported.

From the Joseph Freedberg Collection.

31284 Massachusetts—Woburn. M. TIDD / WOBURN (Brunk T-277) on the obverse and C.W.S. (Brunk-Unlisted) on the reverse of an 1837 Modified Matron Head cent. Host coin VG. Brunk notes that Marshall Tidd made pistols and rifles from 1846 to 1868 in his workshops in Woburn and North Woburn.

From the Joseph Freedberg Collection.

31285 New York—New York. MESCHUTT'S/METROPOLITAN / COFFEE ROOM / 433 BDWAY on the obverse of an 1810 Classic Head cent. Brunk M-618, Miller NY-558. AG-3 (PCGS). Meschutt counterstamps are found on numerous dates in the large cent series, however neither Brunk nor Miller note one on an 1810 issue, as here. The stamper, proprietor Frederick Meschutt, found that the logotype punch was most effectively impressed upon well-worn coins with fairly smooth surfaces, as is evidenced by surviving pieces. Most coins observed have the counterstamp sharp but the host coin worn nearly smooth, indicating that the stamp was deliberately applied to well worn coins. Had the stamp been applied to a sharply defined coin the counterstamp would not be nearly as bold.

31286 New York—Brooklyn. J. M. TAYLOR / BROKER / BROOKLYN. L. I. on a 1792 Lima, Peru 2 reales. Brunk T-94. VG-8 (NGC).

From our (Stack's) Howard D. Egolf Collection sale, May 1961, lot 1493. Lot tag included.

31287 Pennsylvania—Philadelphia. 18 / BAXTER & BR / PHILA / 44 on an 1823 Matron Head cent. Brunk-Unlisted, Rulau-Unlisted. Host coin Net VG. The 1823 is a scarce, key date issue in the Matron Head cent series.

From the Joseph Freedberg Collection.

31288 Lot of (3) Counterstamped Large Cents. Included are: DEVINS / & / BOLTON / MONTREAL on an undated Matron Head, Brunk D-320; N.J. TRACY on an undated Braided Hair (the date has been tooled away), Brunk T-387; and DR. G. G. WILKINS semicircular counterstamp on an 1848, Brunk W-610, host coin Fine, planchet damage. Wilkins is noted to have practiced dentistry in Pittsfield, New Hampshire. It is thought that Wilkins counterstamped in excess of 100,000 coins during his career, second in quantity only to the Devins and Bolton counterstamps of Montreal. **This is a must see, sold as is, no return lot.**

From the Joseph Freedberg Collection.

31289 Lot of (4) Counterstamps on Early Date Draped Bust Large Cents. Included are: CAST / STEEL on an 1800/79, Brunk C-270; T. EVANS on both sides of an 1801, Brunk E-237; and PREMIUM / PREMIUM on an 1802. Also a raised C F in a sunken rectangular cartouche on the obverse of a Draped Bust cent of uncertain date that also has an H & D incuse stamp on the reverse. The final two coins are unlisted in Brunk. Host coins grade Fair to AG. **This is a must see, sold as is, no return lot.**

From the Joseph Freedberg Collection.

31290 Lot of (4) Counterstamped Large Cents. This lot includes the following (3) Brunk-unlisted pieces: A. T. P. on an 1826; C W K on an 1837; and J.R.T. on an 1849. Also in this lot is DEVINS & BOLTON MONTREAL on an 1852, Brunk D-320. Host coins grade VG to Fine. **This is a must see, sold as is, no return lot.**

From the Joseph Freedberg Collection.

31291 Lot of (4) Counterstamped Large Cents. Included are: H. S. BURGESS on an 1850, Brunk B-1333; T. FILSON on an 1856, Brunk-unlisted; L.D.S. on an 1820, Brunk-unlisted; and the well-known DEVINS AND BOLTON MONTREAL on an 1848, Brunk D-320. Host coins grade VG to VF. **This is a must see, sold as is, no return lot.**

From the Joseph Freedberg Collection.

31292 Lot of (4) Counterstamped Matron Head Cents. Included are: F. HANSON, Brunk H-213; C. C. KINNE, Brunk K-227, plus 1846 and a random 1 from single number stamps, and altered reverse inscription; DEVINS / & / BOLTON / MONTREAL, Brunk D-320; and two Dr. Wilkins counterstamps: PITTSFIELD, N.H. (Brunk P-529) and DR. G. G. WILKINS (Brunk W-610), as well as an additional E. C. MARSH (Brunk M-213) counterstamp beneath the Wilkins counterstamps. Host coins grade VG to Fine, two with damage. ***This is a must see, sold as is, no return lot.***

From the Joseph Freedberg Collection.

31293 Lot of (5) Counterstamped Large Cents. The host coins are dated 1820, 1837, 1842, 1850 and 1851. Although the 1851 is clearly counterstamped E. H. PAYN, Brunk P-266, the others are more enigmatic and probably unlisted. The 1850 is apparently counterstamped H. G. FUDGE several times on both sides, another (1842) apparently F F FELCH FELCH, and another one (1837) with multiple very light counterstamps on both sides. Most intriguing is the 1820 cent with an uncertain counterstamp in a curved ribbon cartouche with some version of at least the letters S E E N N C C C E. The curve of the cartouche affects Liberty's profile in an amusing way. Host coins grade VG to VF. ***This is a must see, sold as is, no return lot.***

From the Joseph Freedberg Collection.

31294 Lot of (5) Counterstamped Indian Cents and Two-Cent Pieces. This lot includes the following (4) counterstamps unlisted in Brunk, all on Indian cents: D.D.C. on an 1879; W. Gray on both sides of an 1880; D.W. HILL on an 1881; and H.N. PAGE on an 1889. Also included is TOBIN on an 1865 two-cent piece, Brunk T-328. Host coins grade VG to EF. ***This is a must see, sold as is, no return lot.***

From the Joseph Freedberg Collection.

31295 Lot of (14) Counterstamped or Engraved Coins with Letters, Initials or Numbers. None with complete names, except for a holed 1804 half cent with a name counterstamped at least six times, all overlapping, and completely unreadable. Host coins include: half cent; Indian cent; Lincoln cent; (3) Buffalo nickels; Liberty Seated dime; (2) Mercury dimes; Barber half dollar; Walking Liberty half dollar; and (3) world coins. ***This is a must see, sold as is, no return lot.***

From the Joseph Freedberg Collection.

HOBO NICKELS

31296 Lot of (2) Hobo Nickels. Included are: 1913 Type II in nearly EF condition with the obverse re-engraved into a man in a dapper brimmed hat with band, a full beard with ear showing and wearing a collared shirt, very nice work; and 1917 in Fine condition with the Native American given a very scruffy beard and bushy hairdo.

ENGRAVED COINS, LOVE TOKENS, AND COIN JEWELRY

31297 Lot of (4) Love Tokens. All examples are engraved on United States coins: well worn circa 1840 large cent with a very nice swan engraved on the smoothed reverse; 1909 Lincoln cent inscribed GOOD / E. G. H / LUCK on the reverse; choice 1886 Liberty Seated dime engraved P; and a very choice 1888 Liberty Seated dime with UNCLE engraved on the reverse. The Lincoln cent and 1886 dime are holed. ***This is a must see, sold as is, no return lot.***

31298 Unusual and Intriguing Magician's Trick Coin. Very Fine. This item appears to be a typical 1858 Flying Eagle cent, but it is actually a cleverly crafted coin "box" which can be opened and separated into two nesting pieces. Hidden inside the cent is an 1853 silver three-piece, which itself can be opened to reveal an even smaller coin "box" with yet another (empty) compartment inside. Intriguing, and expertly hand-crafted. (Total: 4 pieces)

From the Joseph Freedberg Collection. Paper envelope with identification notation included.

31299 Lot of (14) Engraved Coins. Host coins include: (3) Indian cents; Liberty nickel; (4) Liberty Seated dimes; (3) Liberty Seated quarters; Liberty Seated half dollar; and (2) Canadian dimes. Each piece is hand engraved with monograms, letters, initials or names. One example is holed, and several others show evidence of being removed from jewelry. Dated from the 1850s to the 1880s. ***This is a must see, sold as is, no return lot.***

From the Joseph Freedberg Collection.

31300 Y. M. C. A. / OF / (clashed Hands) / WILMINGTON, / N. C. on the reverse of an 1853 Liberty Seated quarter, Arrows and Rays. Host coin Fine, scratched.

31301 1883 Hawaii Half Dollar. Medcalf-Russell 2CS-4. EF-40 Details—Ex: Jewelry, Damaged (ICG). Enameled on the reverse.

PCGS# 10991.

31302 Lot of (2) Handshake Engravings. The first is on the obverse of a Liberty Seated quarter with ADAM GRANT in a trapezoidal cartouche above clasped hands. The second item is a 27 mm silver disc engraved with a pair of nude boys holding hands above clasped hands, this all enclosed in a heavy wreath with the number 4 between the two terminations. The reverse of this latter piece is inscribed WHOM TRUE FRIENDSHIP UNITES DEATH CANNOT SEPARATE around FRANK CALDWELL / JUNE 19th / 1887. Integral loop at top.

31303 Lot of (2) Handshake Engravings. The first is on the reverse of an 1861 Liberty Seated quarter and displays clasped hands within an ornamental border, the letters IOGT below. The second is on a heart-shaped planchet cut from an 1853-dated Liberty Seated quarter of the Arrows and Rays type. This second piece displays U B above clasped hands with a hinged pin and clasp attached to the back.

31304 Type III Gold Dollar-Style Game Counter Love Token. The reverse has been planed off and a three letter monogram, J O K, or some iteration thereof, has been hand-engraved on that side. A brass loop has been soldered to the top to allow this piece to be worn as a charm or pendant. The type of gold dollar that this counter was modeled after was produced from 1855 to 1889, and the engraving on the reverse is typical for that period. A very unusual host coin for a love token!

31305 1883 Hawaii Dollar. Medcalf-Russell 2CS-5. AU-50 Details—Enameled, Damaged (ICG).

PCGS# 10995.

BOX DOLLARS

- 31306 Box Dollar Fashioned out of the Obverse of an 1875-Dated Trade Dollar and the Reverse of a San Francisco Mint Trade Dollar. Choice Very Fine.** This photo frame box dollar functions perfectly, the reverse sliding down slightly then lifting to expose the interior, which has been polished and fit with a glass disc and retaining bezel that secures a photograph of a loving couple. The "lid" can be lowered and slid back into place leaving the contents undetectable, except perhaps to collectors of box dollars. Stories abound of these box dollars (or "opium dollars") being used to hide and smuggle drugs, particularly opium, but at the time these box dollars were created, there were few restrictions on the use of these drugs, so there was little need to hide them. Appealing pewter gray patina overall.

MISCELLANEOUS TOKENS

- 31307 Canada. (c. 1815?) Nova Scotia and New Brunswick Success Halfpenny Token. Breton-895, Charlton NS-28A. Copper. Reeded Edge. 28 mm. Extremely Fine, Scratched.** Attractive smooth surfaces that are dark chocolate brown on the right side of the obverse, lighter honey tan on the left side, while the reverse is more even chestnut brown with tan devices. Sharply struck, and with great eye appeal. A long thin scratch under PENNY atop the reverse is the only notable flaw on this rarity. Very scarce in this grade, a worthy example for an advanced cabinet.
From our sale of the John J. Ford, Jr. Collection, Part XXIII, August 2013, lot 21071. Lot tag included.

SCALES AND COUNTERFEIT DETECTORS

- 31308 1879 Fairbanks Coin Tester and Postage Weight Scale. Newman-Mallis IV-4-11. Brass with Cast Iron Base. 225 mm x 101 mm. Very Fine, Repaired.** An impressive large-size desktop scale for use with all silver and gold coins of the period, along with measurements up to 9 1/2 ounces for postal use. Patented by George Hoag in 1879, this is the Type I model, as described in Newman-Mallis. Marked GOLD SILVER along one beam and PATD JUNE 3, 1879 on the other. The brass plate has slots to measure diameter and width of all the circulating coins of the day, cent through double eagle. Two movable weights are present along each beam and two knurled adjustment nuts are present to make fine adjustments to the scale. The cast iron base is painted black with FAIRBANKS in raised letters on both sides, filigree designs and hand painted floral designs decorating the black surfaces. The balance rod has been repaired to correct minor damage, but the scale is complete and functional with the repair not visible unless upon close scrutiny. An impressive desktop display item. *This is a must see, sold as is, no return lot.*

NUMISMATIC & OTHER ANTIQUES

- 31309 Silver Dinner Spoon by Daniel Van Voorhis (1751-1824). Active 1782-1798. Philadelphia, Pennsylvania; Princeton, New Jersey; New York, New York Rupert, Vermont; Brooklyn, New York. 7.5 inches. Marked D.V.VOORHIS** in an incuse rectangle on the back, also with a heraldic eagle in incuse rectangle. Script monogram on the handle face. An accomplished silversmith in the New York City area, Van Voorhis is best known in numismatic circles for his partnership with Ruben Harmon for coining Vermont coppers, as well as for petitioning the New York State legislature to coin coppers for the state.

NUMISMATIC BOOKS AND RELATED

- 31310 Pair of Early Edition Red and Blue Books.** Included are: *A Guide Book of United States Coins*, Second Edition, 1948, by R.S. Yeoman, Very Good, the popular "Red Book", this copy is well worn with the cover beginning to separate from the binding and the front and back stained, but all pages are complete; and *Handbook of United States Coins*, First Edition, 1942, by R.S. Yeoman, Lee F. Hewitt and Charles E. Green, Very Fine, known as the "Blue Book".

MISCELLANEOUS EXONUMIA

- 31311 1877 Set of Milton Bradley Educational Toy Money.** A very intriguing set of bi-facial cardboard coins imprinted with remarkably accurate representations of the circulating coins of the day. So accurate, in fact, that the Milton Bradley Company was enjoined by the Treasury Department to make a new version of these coins that did not look quite so authentic! The 35 "coins" in this set include (2) 1872 Indian cents, (4) 1867 two-cent pieces, (4) 1870 Shield nickels, (8) 1875 Liberty Seated dimes, (7) 1876 Liberty Seated quarters, (4) 1875 Liberty Seated half dollars, and (3) 1878 Morgan silver dollars. Also included are (3) "gold pieces" as follows: an 1853 two-and-a-half dollars; 1880 ten dollars; and 1873 twenty dollars. The entire set is housed in a 3 1/2 inches x 7 inches x 3/4 inch cardboard case with an applied label featuring an illustration of a Victorian era child "banker" handing out bags of money to his younger playmates, as well as the following data: UNITED STATES / EDUCATIONAL / TOY MONEY / E. S. FISHER'S PATENT / UNITED STATES / MARCH 20, 1877. / CANADA / MAY 1, 1877. / MILTON BRADLEY & CO. / SPRINGFIELD, MASS. Inside the case are eight smaller fitted boxes, arranged like the coin compartment of a cash register, in which the pieces are housed. This was the first American Play Money set — grandfather to those many of our readers may have used as a child. The play coins show use, averaging Very Fine condition, but the case, while nearly complete and with bold graphics, needs some repair. Unusual and RARE!
- 31312 Encased 1913-D Buffalo Nickel. Type II.** A very choice 1913-D Buffalo nickel encased in a Maltese Cross-shaped bronze watch fob inscribed SOUVENIR / 32 TRIENNIAL CONCLAVE / IN HOC SIGNO VINCES / K T / DENVER / 1913. The reverse of the encasement is blank except for the incuse maker's name SACHS-LAWLOR M. & M. CO / DENVER. / COLO. The copper fob encasement has toned to a rich dark chocolate brown, highlighting the brighter tones of the nickel nicely. Extremely Fine overall.

- 31313 Lot of (10) Diverse Exonumia and Other Items.** Included are: (5) World War II era service badges and lapel pins (actually 1980s reissues, with paperwork included); 1939-1942 Safe Driver award; and (4) 19th century California Gold quarter and half dollar-size jeweler's charms. ***This is a must see, sold as is, no return lot.***

- 33544 Undated Canvas Bag for New Orleans Mint Silver Dollars.** Approximately 12 inches x 20 inches. Stencilled on one side: U. S. MINT / \$1,000 / NEW ORLEANS. The bag is sound, but worn and stained. Circular marks are still present where the coins once rested. In a few places there are small areas of light damage where the fabric has partly worn through. Cosmetic problems include water stains (which may be removable) as well as creases near the top where the bag was tied. In addition, the number 32 is written in one-inch letters near the bottom of the back of the bag. Still a great item from more than a century ago that would be a real attention-getter mounted and framed on a numismatist's wall. *There are no coins included in this lot.*

Terms & Conditions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot,

preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of seventeen and one-half percent (17 1/2%) based upon the total amount of the hammer (minimum of \$15), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Payments may be made by credit card, Paypal, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves

Terms & Conditions (cont.)

the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California and New York without a valid Resale Certificate which has been provided to the Auctioneer prior to the auction. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of: (i) One Thousand Dollars (\$1,000), for auctions held in Maryland, are exempt from Maryland sales tax, and (ii) One Thousand Five Hundred Dollars (\$1,500) are exempt from California sales tax. These exemptions do not apply purchases of currency. Purchases of coins and currency are exempt from sales tax in Illinois. Please note, this is not, and is not intended to be, a complete description of applicable sales tax laws in all jurisdictions. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed

appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the United States, the declaration value shall be the item's hammer price plus its buyers premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AUTHENTICITY, AND PROVENANCE OF A LOT.

a. COINS AND CURRENCY LISTED IN THIS CATALOG GRADED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE OR EXAMINED BY THE BUYER PRIOR TO THE AUCTION SALE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER, EXCEPT FOR CLAIMS RELATED TO AUTHENTICITY.

b. For non-certified coins and currency that have not been examined by the Buyer prior to the Auction Sale: if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency or the coin or currency is not authentic, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.

Terms & Conditions (cont.)

c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

d. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

e. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

f. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

g. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

h. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

i. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

j. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory interpleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequen-

tial damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on the MAXIMUM EXPENDITURE line at the upper portion of your bid sheet. You can then submit bids for amounts up to eight times the amount of the maximum expenditure. Due to the bookkeeping involved, this service is offered only to bidders with maximum expenditures of \$1,000 or more.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.
